

CIS countries serialization regulatory updates for Indian manufacturers

20th of December, 2022

15:00 – 16:30 (Indian Standard Time, GMT +5:30)

We are happy to invite you and your colleagues to attend our webinar: CIS countries serialization regulatory updates for Indian manufacturers

On 30th of September our webinar "Serialization of medicines in Uzbekistan" took place for Indian pharmaceutical industry under support of PHARMEXCIL and Uzbekistan State Authorities. However, over the past 2 months, there have been a number of news on the regulations of other CIS countries, which we would like to share during our following event.

We are waiting for you on December 20, at 15:00 (Indian Standard Time, GMT +5:30)

We will go through the following regulations to give you the latest news on the following topics:

1. *Uzbekistan updates*: serialization on customs warehouse, drop-out report, what to expect from upcoming mandatory aggregation?
2. *Kazakhstan updates*: what regulatory deadlines does the market expect?
3. *Kyrgyzstan updates*: new regulations for pharma. What is known at the moment?

4. What *other CIS markets* expect to start their serialization programs and when?

Speakers:

— Arif Gadzhiev, Utrace Business Development Director

Participation in the online seminar will be relevant to IT directors, logistics directors, supply-chain managers of pharmaceutical companies in India exporting medicines to Uzbekistan and CIS countries, as well as to everyone for whom the serialization project is relevant.

Webinar date: 20th of December, 2022

Webinar time: 15:00 – 16:30 (Indian Standard Time, GMT +5:30)

Webinar language: English

We will send you a link an hour before the start.

Participation in the event is free of charge, subject to prior registration.
