Quality Approvals : WHO-GMP
HS Codes of Major Products : 30049099
Presence in CIS Region : Yes, Tajikistan, Uzbekistan

Brief Profile of the Organization:

MEDINOMICS HEALTHCARE Pvt Ltd was established in 2004 with a strong vision for the future in generic pharmaceuticals, with primary interests in finished formulations and supply of finished formulations to cater needs of our ever growing customer base in different geographies. We deeply involve ourselves in harmonizing needs for our partners and constantly look for new developments to offer large basket of products.

Medinomics with its experienced team headed by industry professionals pooling in decades of experience, looks to join hands with a partner who wishes to have supply arrangements, private label or CMO activities. We have entered and entrenched ourselves in more than 33 countries and the quest is on to place ourselves around the world.

We have a State of the Art facility at Chennai, India which can manufacture Oral Solids (Softgel caps, Tablets and Hardgel caps). We have specialization in Softgel Technology. This facility is conforming to stringent global GMP standards. However, the certification process is currently on and we do hope to get most of the approvals over a period of time. We look forward to building a truly synergetic and valuable business relationship.
