**1. EXECUTIVE SUMMARY**

As per Sri Lanka Customs figures, as compared to September 2014, Sri Lanka's imports from India declined by 11.94% while exports to India and increased by 10.3%. The overall bilateral trade during January-September 2015 was, however, 10.9% more than the bilateral trade during the same period in 2014.

As per a press release of Central Bank of Sri Lanka earnings from exports, which was US\$ 799 million, recorded a decline of 19.5 per cent while expenditure on imports increased by 11.7 per cent to US\$ 1,523 million in August 2015. As per the data, inflation declined to -0.3 per cent in September 2015, compared to -0.2 per cent recorded in the previous month, on an year-on-year basis. Annual average inflation declined to 0.7 per cent in September 2015 from 1.0 per cent in August 2015.

The total number of tourist arrivals from India to Sri Lanka during January-September 2015 was 220,907, the highest from a single country. In percentage terms, 16.79% of the total tourist arrivals to Sri Lanka were from India.

Bilaterally, local media reported that around 50 leading Indian companies participated in the India Expo 2015 which was inaugurated on 11 September 2015 at BMICH and

conducting detailed study on Blue Mormon. Other events of note included, adopting the Budapest Cybercrime Convention in Sri Lanka, opening of second stage of Kaduwela to Kadawatha section (OCH 2) of Colombo Outer Circular Expressway, Sri Lankan vehicle prices soar with the rupee depreciation and gift of IT Lab to Sri Lankan school by Pakistan.

## **2. SRI LANKA ECONOMY and FOREIGN TRADE**

### **Export/ Import**

Sri Lanka's global imports during September 2015 were US\$ 1,553.74 million compared to US\$ 1,690.02 million during corresponding period in 2014 reflecting a decline of US\$ 136.28 million i.e. 8.06%. The country's global exports during September 2015 were US\$ 840.58 million compared to US\$ 907.92 million during corresponding period last year registering a decline of US\$ 67.34 million i.e. 7.42%. Sri Lanka's imports and exports from/to India during September 2015 were US\$ 318.73 million and US\$ 46.80 million respectively as compared to US\$ 361.94 and US\$ 42.43 million respectively during the corresponding period last year, registering a decline of 11.94% and increase of 10.3% respectively.

### **External Sector Performance**

According to a press release of Central Bank of Sri Lanka, the external sector reflected a modest performance in August 2015 (year-on-year basis) with a slightly lower trade deficit and robust growth in tourist earnings. Despite the slowdown in imports during the first eight months of 2015, the cumulative trade deficit as at end August 2015 had increased by 5.0 per cent, as a result of mediocre export performance on account of dampened global demand. However, the current account balance was buoyed by the growth in earnings from tourism. As observed across emerging markets, net inflows to the financial account moderated as a result of the unwinding of short term foreign investments, in the wake of a possible increase in interest rates in the U.S. Meanwhile, the decision of the Central Bank to accommodate greater flexibility in the determination of the exchange rate from early September 2015 would help the external sector to gather momentum gradually. This policy change is expected to strengthen the external sector mainly through the improvement in the trade account and financial account leading to the strengthening of the country's gross official reserves position.

### **Overall BOP Position**

The BOP is estimated to have recorded an overall deficit of US\$ 1,795 million during the first eight months of 2015 in comparison to a surplus of US\$ 2,150 million recorded a year earlier.

## **International Reserves and Exchange Rate Movement**

It was reported that Sri Lanka's gross official reserves stood at US\$ 6.5 billion as at end August 2015, equivalent to 4.0 months of imports, with total foreign assets amounting to US\$ 8.2 billion, equivalent to 5.1 months of imports. Meanwhile, the Sri Lankan rupee depreciated by 4.6 per cent, subsequent to the decision of the Central Bank on September 04, 2015 to accommodate greater flexibility in the determination of the exchange rate, resulting in an overall depreciation of 7.1 per cent during the year up to October 21, 2015. Over the year, based on cross currency exchange rate movements, the Sri Lankan rupee appreciated against the Australian dollar by 5.0 per cent and the Canadian dollar by 4.1 while depreciating against the Japanese yen by 6.6 per cent, the pound sterling by 6.3 per cent, the euro by 0.4 per cent and the Indian rupee by 4.5 per cent.

## **Inflation in September 2015**

As per information released by the Central Bank of Sri Lanka, inflation, as measured by the change in the Colombo Consumers' Price Index (CCPI) (2006/07=100), which is compiled by the Department of Census and Statistics, declined to -0.3 per cent in September

2015, compared to -0.2 per cent recorded in the previous month, on an year-on-year basis. Annual average inflation declined to 0.7 per cent in September 2015 from 1.0 per cent in August 2015.

CCPI decreased by 0.3 per cent from August to September 2015. The monthly decrease in CCPI was mainly caused by the decline in prices of items in the Food category. Prices of some varieties of vegetables, green chilies, fresh fish, eggs, rice, red onions, coconut oil and coconuts decreased during September 2015. However, prices of chicken, beef, dried fish, Maldive fish, some varieties of fruits, big onions, limes and sugar increased during the month. Within the Non-food category, prices in Clothing and Footwear; Furnishing, Household Equipment and Routine Household Maintenance; and Recreation and Culture sub categories increased. All the other sub categories, namely, Housing, Water, Electricity, Gas and other Fuels; Health; Transport; Communication; Education; and Miscellaneous Goods and Services remained unchanged during the month.

### **Monetary Policy Review – September 2015**

According to recently released data by the Central Bank of Sri Lanka, headline inflation, on a year-on-year basis, remained in the negative territory at -0.2 per cent for the second consecutive month in August 2015. Headline inflation, on an annual average basis, moderated further to 1.0 per cent in August 2015 from 1.3 per cent in the previous month. Meanwhile, core inflation increased to 3.9 per cent in August 2015 on a year-on-year basis, from 3.5 per cent in the previous month. However, annual average core inflation remained unchanged since June 2015 recording 2.8 per cent in August 2015. Going forward, headline inflation is expected to remain comfortably within 2.0-3.0 per cent by year end, supported by improved domestic supply conditions and subdued global commodity prices.

## **Tourist arrivals**

The total number of tourist arrivals from India to Sri Lanka during January-September 2015 was 220,907 i.e. approximately 16.79% of the total tourist arrival into Sri Lanka. During the month of September 2015, 27,233 Indian tourists visited Sri Lanka as against 19,244 in the corresponding period of the previous year, an increase of 41.51%. Figures from the Sri Lanka Tourism Development Authority convey that during September 2015 the highest arrivals (27,233) were from India, followed by China (20,502), UK (11,160) and Germany (8,292).

Sakthivel, senior officials of Government of Sri Lanka and members of business community. Around 50 leading Indian companies representing various sectors, including construction and building-related products, apparel and garments, cosmetics, agro products, pharmaceuticals, power and electrical technology participated in the event. The event went on from September 11-13, 2015, evoking widespread interest from business stakeholders in Colombo.

### **c. Indian investors sharpen marketing skills:**

Local media reported that an Indian CEO Forum Sri Lanka (ICF) recently has organized a brain storming session with Prof. Dr R Srinivasan from the Indian Institute of Management, Bangalore, covering a wide range of learning on Strategy Management. Prof Srinivasan is a leading practicing academic from IIM Bangalore who has provided leading edge consultancy to a lot of leading organizations in India and Europe. This event was in keeping with the Indian CEO Forum's objective of promoting and contributing to the economic growth in Sri Lanka.

## **4. OTHER ECONOMIC & TRADE ISSUES / DEVELOPMENTS**

### **a. Cybercrime Convention:**

Local media reported that Sri Lanka would be the first country in South Asia to adopt the Budapest Cybercrime Convention. The Budapest Convention on Cybercrime, also known as the Council of Europe Convention on Cybercrime, is the only available international treaty effectively addressing Internet and computer crime by harmonising national laws, improving investigative techniques, and increasing criminal justice cooperation among nation states to effectively combat the threat against cybercrime. The e-Sri Lanka Development initiative supported by the World Bank and many other Sri Lanka's primary legislations; namely the Computer Crimes Act No. 24 of 2007 and several other policies adopted in recent times had set the stage for this achievement. Joining this convention would help Sri Lanka to become the South Asia's hub for cybercrime enforcement.

### **b. Economy growth by 6.7% in 1Q:**

As per Department of Census and Statistics Sri Lanka's economic growth was at 6.7% in the second quarter of the year, as compared to 4.4% recorded in the first quarter. The service sector has recorded the highest growth rate of 7.9%, while agriculture, forestry and fishing activities posted 5% growth.

It was reported that according to figures released by the Department of Census and Statistics, services sector share of the overall GDP was a dominant 61.2% in the second quarter, followed by 23.5% for industry and 7.5% for agriculture.

Reports also stated that as per the Balance of Payment (BoP) Statistics of the Central Bank of Sri Lanka, the total import expenditure in the second quarter of this year has increased to SLRs. 628,424 million from SLRs. 552,744 million in the same quarter of the last year, indicating a high growth rate of 13.7%.

**c. Second stage of OCH opens to public:**

Local media reported that the Kaduwela to Kadawatha section (OCH 2) of Colombo Outer Circular Expressway (EO2) was opened to the public by Highways and University Education Minister Lakshman Kiriella. This project was funded by the Japan International Cooperation Agency (JICA). Once the third section from Kaduwela to Kerewelapitiya is completed, the EO2 will link the Southern Expressway and Katunayake Expressway. It will then act as a North-South artery for Colombo bypassing the inner city area, thereby easing traffic congestion in the city.

**d. Pakistan biz delegation:**

Local media reported that a biz delegation led by the Federation of Pakistan Chambers of Commerce and Industry has arrived to Sri Lanka and met with the local business community under the auspices of Ceylon Chamber of Commerce (CCC). The Pakistani delegation comprised 20 members represent a diverse number of sectors. The bilateral trade between Sri Lanka and Pakistan in 2014 was around US\$ 350 million which was nearly US\$ 100 million less than that in 2013.

**e. South Korea mulls FTA with Lanka:**

Local media reported that the South Korea is in the process of preparing a feasibility study to explore various ways of enhancing bilateral economic ties including a Free Trade Agreement (FTA) with Sri Lanka. This is with the hope that the newly elected Sri Lankan government would successful in achieving genuine reconciliation with strong support and cooperation with the international community.

**f. SL to get \$200 m loan for wind energy programme:**

As per news reports, the Asian Development Bank would provide a loan of US\$ 200 million for the Sri Lanka's wind energy programme to assist Sri Lanka is tapping substantial wind energy resources.

Reports further stated that Sri Lanka though had estimated its theoretical wind energy potential at 35 GW; the actual potential feasible to be tapped could be lower. Sri Lanka's Sustainable Energy Authority had set a target to have 10 percent of all installed power capacity in the country to be based on renewable energy sources by the end of 2015. As per reports, to achieve this target Sri Lanka would require 460 MW of renewable energy capacity installed.

**g. Coca Cola pays SLRs 132 m as compensation:**

Local media reported that the Coca Cola Company has paid approximately SLRs 132 million to three government bodies as compensation for polluting the Kelani River, the main source of drinking water for the Colombo District. The company paid SLRs 131 million to the National Water Supply and Drainage Board (NWSDB), SLRs 1.5 million to the Central Environmental Authority (CEA) and SLRs 177,000 to the Marine Environment Protection Authority (MEPA).

As per reports, there was oil contamination in the Kelani rivers on August 17 traced to the Coca Cola bottling plant. CEA authorities stated that they have received SLRs 1.5 million to recover expenses incurred for research and other activities carried out following the incident. CEA authorities stated that the Environmental Protection License (EPL) issued to the Company's bottling Plant at Biyagama was temporarily suspended following the incident, but, it was conditionally restored subject to implementation of the recommendations made by them. Accordingly, it was reported that the manufacturing operations at the plant were resumed on September 1, 2015.

**h. Sri Lankan vehicle prices:**

Local media reported that there was a warning by the motor traders that with the significant depreciation of the Sri Lankan rupee against the US dollar, the prices of imported motor vehicles have risen by 8 to 10 per cent and expected to rise further if the rupee continues its slide. As per reports, the Chairman of the Sri Lanka Vehicle Importers' Association has predicted that the vehicles imported into Sri Lanka would increase by around 6 per cent in the long term.
