

### Pharmaceuticals Export Promotion Council of India (PHARMEXCIL):

The dynamic growth of Indian Pharma Industry, a knowledge based industry, and the recommendations of four major Pharma associations made the Ministry of Commerce & Industry to realize the need for separate export promotion council. Accordingly, Pharmaceuticals Export Promotion Council of India (PHARMEXCIL) has been set up on 12.5.2004. With its notification No.61 dated 16.3.2005; Director General of Foreign Trade made Pharmexcil the sole agency to issue RCMCs to all Pharma exporters.

### About PHARMEXCIL:

Pharmaceuticals Export Promotion Council of India (Pharmexcil) is an export promotion council (EPC) for pharmaceutical industry in India promoted by Ministry of Commerce & Industry, Government of India to focus on healthcare and pharmaceutical products in the global arena.

PHARMEXCIL is mandated to help its members achieve excellence in export and facilitate overseas buyers to find suitable trade partners from Indian Pharma Industry.

### IPR & Regulatory Centre

The Pharmaceutical Industry, with its rich scientific talents and research capabilities, supported by Intellectual Property Protection regime is well set to take on the international market. India is successfully coping with the challenges of Post 2005 Patent scenario. To bring awareness about patents and its complications among small and medium scale exporters and also to help them with preliminary information on patents status of exported drugs in destination countries. Pharmexcil has established IPR & Regulatory Centre with the financial support from Department of Pharmaceuticals, Govt. of India.

IPR & Regulatory Centre has been started at Pharmexcil, Hyderabad under the fund support of Department of Pharmaceuticals, Ministry of Chemicals & Fertilizers, Govt. of India. The centre was inaugurated by Sri V. Sampath, IAS, Secretary, Dept. of Chemicals & Petrochemicals, Govt. of India in July 2008. Dr. Gopakumar G. Nair, a renowned patents attorney in the country has been appointed as consultant IPR for providing expert advice to the cell.

### The main objectives of the cell are:

1. Creating awareness in its members.
2. Giving information on Pharma Patents etc.

The cell also undertakes various awareness programmes/technical sessions on patents, from time to time, across the country.

The services are offered by the **IPR & Regulatory Centre** are at nominal charges to the members of the council depending upon the nature of the query raised by the members.
