

Reducing AMR Through Sustainable Manufacturing (RATSAM)

Invites You to a Workshop to discuss the Issues and develop a joint Roadmap for Pilots
27 September from 2.00 pm - 5.30 pm at Taj Deccan Hotel, Hyderabad with Lunch at 1 pm

- ◆ Global program to support sustainable antibiotic manufacturing and reduce levels of antibiotic emissions by drug companies into the environment
- ◆ Implement pilots in Telangana to adopt AMR Industry Alliance's Common Manufacturing Framework and Discharge Limits.
- ◆ Build capacity of local companies to meet new global procurement standards and domestic environmental regulations to monitor antibiotic manufacturing.
