Subject: Un-fair Trade Remedial Measures- regarding.

Sir/Madam,

I am directed to inform that the Directorate General of Trade Remedies (DGTR), a quasi-judicial body under the Department of Commerce, Ministry of Commerce and Industry, recommends various trade remedial measures viz. Anti-Dumping Duty, Countervailing Duty and Safeguard measures after the prescribed investigation of the complaints filed by the domestic industry regarding the aforesaid unfair trade practices / import surges that result in injury. Anti-dumping duty is recommended against dumping of goods at a lower price than the price in their domestic markets; countervailing duties are recommended against the subsidies given by foreign countries to their manufacturing and exports, and safeguard duty is prescribed against surge in imports.

2. Similarly, domestic manufacturers and exporters may also be subjected to trade remedy investigations by trade authorities of the importing countries, which may at times be unfair. They may require legal assistance to contest these cases. In addition to the above roles in protecting our domestic industry against unfair imports, DGTR, through its trade defence wing, also extends legal support to exporters facing such investigations in other countries for imposition of countervailing duty or anti-dumping duty.

3. In order to create widespread awareness among all stakeholders, particularly the MSMEs, regarding the availability of these measures for addressing injury to domestic industry from imports or defending against investigations being conducted by any other country, DGTR has publicized these measures through newspaper advertisements to sensitize domestic industry

and exporters. These advertisements have also been published in the vernacular languages, so that small entrepreneurs located in the remote corners of the country may potentially become aware of such opportunities.

3. A copy of the advertisements published in newspapers, is attached herewith for information and may be circulated among your member companies for their awareness.

**Encl: As above.**
