QUALITY APPROVAL FROM COMPETENT AUTHORITIES: GMPS Are, In Very Basic Terms, A Method Of Ensuring Consistency In Manufacturing. They Are A Roadmap For Quality An Instruction Manual For Everyone Involved In The Dietary Supplement Business. GMPS, If They Are Followed Stringently, Ensure That A Product Is Made The Same Every Time, With All People Involved Following The Same Steps To Get The Finished Product. They Also Provide A High Level Of Safety For The Consumer, In That All Aspects Of Manufacturing, Including Laboratory Analysis, Mixing, Encapsulation, Bottling, Labeling, Packaging, And Shipping, Are Standardized. This Minimizes The Risk Of Mistakes In The Manufacturing Process That Could Lead, For Example, To The Wrong Ingredients Being Included In A Product Or The Wrong Label Being Placed On A Bottle.
